SUBJECT : Agency Relations with the US Business Community:
Exchange of Information with Private Businesses

1. The A/DCI has directed the DDO to designate a representative to chair a Task Force to develop a comprehensive policy statement on all aspects of Agency relationships with private business, including the exchange of information, but excluding Agency procurement. The Task Force is expected to examine the activities of those Agency components who have contacts with the US business community and to recommend guidelines for those contacts. A policy statement, and guidelines appropriate for publication as an Agency regulation are expected within 120 days (i.e., by late June 1977).

2. The A/DCI has further directed that the Task Force include representatives of the four Directorates, the General Counsel and the Inspector General. The DDO has designated me to head the Task Force. I request, therefore, that you designate representatives to work with me in this effort. I would like to hold an organizational meeting on Wednesday afternoon, 16 March, at 3:30 p.m. in Room 3C-28 Headquarters. I would appreciate it, therefore, if your designated representative would contact me on extension [Redacted]

3. Attached for the information of your representative is a copy of a 1972 working group memo on contacts with American business firms. I believe that this document will provide useful background for our present efforts.
